Jeffrey Miller

Senior Vice President, Finance Director
Cincinnati, Ohio

Summary

Highly effective finance executive with over 15 years of experience driving change and improving results. Skilled at interacting and communicating with all levels of management at both large and small institutions.

Keys to Success:

- Strong financial oversight and attention to detail.
- Efficient at providing succinct summaries of complex situations.
- Accomplished in developing and guiding teams toward strategic goals.
- Proficient at process development and automation of routine tasks.
- Ability to multi-task and work in a fast-paced environment.

Experience

U.S. Bank

5 years

Senior Vice President, Finance Director

February 2016 - Present (4 years 6 months)

Cincinnati Area

Manage the Finance and Forecasting division within the CBSS Servicing business line that provides a continuum of support for consumer and small business loans with services ranging from underwriting and servicing to default management. Responsible for over 60 professionals across four main disciplines: Financial Management, Credit Management, Modeling & Analytics, and Executive Reporting. Create value by leveraging data and analytics expertise to drive robust and reliable managerial reporting, strong forecasting and modeling, and process automation. Guide strategical and tactical discussions with management.

Senior Vice President, Finance Director

August 2015 - February 2016 (7 months)

Cincinnati, Ohio

First Financial Bank

5 years 6 months

First Vice President, Director of Finance

November 2014 - August 2015 (10 months)

Supervise the finance department that is primarily responsible for corporate finance functions, business line FP&A, data management, loan pricing models, and asset liability management. Coordinate, analyze, and report the financial performance to executive management and Board of Directors. Member of the Incentive Committee where we evaluate incentive plans to ensure the programs are aligned to the strategic objectives of the company.

Vice President, Asset Liability Manager

August 2013 - November 2014 (1 year 4 months)

Cincinnati Area

Lead Asset Liability Committee (ALCO) and Investment/Funding Committee meetings, where members review ALM findings, summary results, and economic activity to develop strategies to maximize profitability while effectively managing liquidity and interest rate risk. Evaluate economic value of equity, earnings at risk, and other simulations to measure market risk. Manage analysis of behavior assumptions associated with non-maturity financial instruments. Oversee commercial and consumer loan pricing models, along with all municipality lending bids.

Vice President, Finance Manager

March 2010 - August 2013 (3 years 6 months)

Responsible for financial planning and analysis for commercial, franchise, wealth management, retail, and non-strategic business lines that made up 95% of earning assets and 98% of liabilities. Developed branch pro forma P&Ls and recommended whether branches should be consolidated based on expected loan and deposit growth, demographics, facility costs, and other strategic considerations. One of six employees selected to be part of a "Client First" steering committee that prioritized projects for commercial business line to ensure our financial, strategic, and operational goals were achieved.

U.S. Bank

5 years 7 months

Vice President, Finance Manager

December 2006 - March 2010 (3 years 4 months)

Responsible for the forecasting and budgeting process for the Consumer Lending Division while ensuring the accuracy of financial statements. Play

a key role in evaluating pricing decisions based on risk parameters. Hire, educate, train, and develop employees to achieve departmental goals.

Financial Analyst

September 2004 - December 2006 (2 years 4 months)

Interact with Consumer Lending business lines to help guide financial and sales performance towards required objectives. Present monthly results and forecasted variance explanations to executive management in financial reviews. Create internal quarterly earnings presentation that is presented to the Consumer Lending Division.

PNC (formerly Provident Bank)

Financial Analyst

June 2002 - September 2004 (2 years 4 months)

Lead business unit analysis for six separate business units in Wholesale Banking Division comprising 50% of Provident Bank's revenues. Projects included analysis of loans and deposits, profit/loss analysis, liability exposure, mortgage financing, asset-backed securitization, etc.
